

## **Dr Theofilos Christoforidis**

### **Diplômes et formations**

**2018** : Titre de spécialiste FMH en Radiologie

**2015** : Titre de spécialiste en Médecine Nucléaire (2012), Reconnaissance MEBECO

**1997 – 2003** : École de Médecine (Université de Thessalonique, Faculté de Médecine).

### **Activités professionnelles**

**Mars 2018** : Chef de Clinique en Radiologie à l'hôpital du Valais, Sion.

**Février 2017 - Février 2018** : Chef de Clinique Adjoint en Radiologie à l'hôpital du Valais, Sion.

**Décembre 2012 - Janvier 2017** : Médecin assistant en Radiologie à l'hôpital du Valais, Sion.

**Février 2012 - Octobre 2012** : Médecin assistant en Médecine Nucléaire à l'Hôpital Général «Papageorgiou», Thessalonique.

**Septembre 2011 - Février 2012** : Médecin visiteur au service de Radiologie et de Médecine Nucléaire de l'hôpital universitaire de Bâle (formation PET/CT F-18-FDG, Ga-68-DOTATOC, F-18-Choline and F-18-FET).

**Décembre 2007 - Aout 2011** : Médecin assistant en Médecine Nucléaire à l'Hôpital Général «Papageorgiou», Thessalonique.

**Juillet 2005 - Octobre 2006** : Médecin dans une région rurale du nord de la Grèce (service obligatoire).

**Février 2004 - Février 2005** : Service militaire en tant que médecin.

### **ABSTRACTS IN INTERNATIONAL MEETINGS**

#### **1- Bone scintigraphy and serum prostate-specific antigen for monitoring the bisphosphonates treatment efficacy, in patients with metastatic bone disease due to prostate cancer.**

I. Iakovou, S. Maroulis, D. Gavriilidou, V. Nikos, T. Christoforidis, S. Georga, D. Lo Presti, A. Dumas, N. Karatzas.

European Association of Nuclear Medicine congress. Munich 2008.

#### **2- A comparison of 2590 MBq (70 mCi) vs 3700 MBq (100 mCi) <sup>131</sup>-iodine administration for thyroid remnant ablation in patients with differentiated thyroid cancer (DTC).**

I. I. Iakovou, K. Badiavas, A. Dumas, D. Lo Presti, S. Georga, T. Christoforidis, V. Nikos, A. Chrisoulidou, A. Goropoulos, N. Karatzas.

European Association of Nuclear Medicine congress. Munich 2008.

#### **3- Value of commonly used radionuclide procedures in the diagnosis of infected lower extremity joint prostheses.**

S. Georga, I. Iakovou, V. Nikos, M. Potoupnis, D. Lo-Presti, T. Christoforidis, A. Dumas, G. Kapetanos, N. Karatzas

European Association of Nuclear Medicine congress. Munich 2008

**4- Thyroid echogenity as a prognostic factor of the outcome of radioiodine therapy in patients with Graves' disease.**

I. Iakovou, A. Doumas, T. Christoforidis, V. Nikos, K. Badiavas, D. Lo Presti, S. Georga, N. Karatzas  
European Association of Nuclear Medicine congress. Barcelona 2009

**5- Pain palliative therapy in women with bone metastases from breast cancer and the role of specific plasma markers as prognostic factors.**

I. Iakovou, V. Nikos, T. Christoforidis, K. Badiavas, D. Lo Presti, S. Georga, A. Doumas, N. Karatzas  
European Association of Nuclear Medicine congress. Barcelona 2009

**6- How often are parathyroid adenomas expressing the same <sup>99m</sup>Tc- Sestamibi wash-out compare to adjacent thyroid parenchyma?**

A. Doumas, I. Iakovou, D. Boundas, T. Christoforidis, V. Nikos, D. Lo Presti, S. Georga, N. Karatzas;  
European Association of Nuclear Medicine congress. Barcelona 2009

**7- Efficacy of Tc-<sup>99m</sup>-HMPAO labelled leucocyte scan for monitoring response to antibiotic treatment in diabetics with pedal osteomyelitis.**

S. Georga, C. Manes, I. Iakovou, D. Lo-presti, D. Skoutas, V. Nikos, T. Christoforidis, A. Doumas, N. Karatzas

European Association of Nuclear Medicine congress. Barcelona 2009

**8- <sup>99m</sup>Tc-MDP bone SPECT in the investigation of bone involvement in chronic rhinosinusitis.**

I. Iakovou, I. Konstantinidis, V. Nikos, T. Christoforidis, S. Georga, D. Lo Presti, A. Doumas, N. Karatzas

European Association of Nuclear Medicine congress. Barcelona 2009

**9- <sup>99m</sup> Tc-HMPAO-labelled leucocyte scan in the diagnosis of infected hip and knee joint prostheses.**

S. Georga, I. Iakovou, V. Nikos, M. Potoupnis, D. Lo-presti, T. Christoforidis, A. Doumas, G. Kapetanos, N. Karatzas

European Association of Nuclear Medicine congress. Barcelona 2009

**10- Diabetic foot osteomyelitis: monitoring response to antibiotic treatment by labeled leucocyte scintigraphy.**

S. Georga, C. Manes, I. Iakovou, D. Lo-presti, D. Skoutas, T. Christoforidis, V. Nikos. A. Dumas, N. Karatzas

VIII Meeting of the Diabetic Foot Study Group of the EASD, Slovenia, 25-28 September 2009

**11- The incidence of “reverse redistribution” phenomenon seen at the septal area during TI-201 myocardial scintigraphy in patients with LBBB and its clinical significance.**

A. Doumas, I. Iakovou, **T. Christoforidis**, D. Boundas, D. Lopresti, S. Georga, V. Nikos, N. Karatzas

European Association of Nuclear Medicine congress. Vienna 2010

**12- Is 0,75mm Breslow thickness the right cut-off point for performing sentinel node biopsy in patients with melanoma?**

A. Doumas, A. Dionyssopoulos, **T. Christoforidis**, D. Boundas, I. Iakovou, D. Lopresti, S. Georga, V. Nikos, N. Karatzas;

European Association of Nuclear Medicine congress. Vienna 2010

**13- Diagnostic accuracy of 99mTc-HMPAO-labeled leucocyte scan for osteomyelitis underlying diabetic foot ulcers: a retrospective study in 101 pedal ulcers.**

S. Georga, C. Manes, D. Skoutas, I. Iakovou, D. Lo-presti, M. Psallas, V. Nikos, **T. Christoforidis**, A. Doumas, N. Karatzas

European Association of Nuclear Medicine congress. Vienna 2010

**14- Tc99m-HMPAO-labeled leucocyte scan in the evaluation of painful knee arthroplasty.**

S. Georga, **T. Christoforidis**, I. Iakovou, M. Potoupnis, V. Nikos, K. Badiavas, A. Doumas, D. Lo-presti, G. Kapetanos, N. Karatzas

European Association of Nuclear Medicine congress. Vienna 2010

**15- Comparison of 153-Samarium and 89-Sr in pain palliative therapy efficacy in patients with bone metastatic prostate cancer. Do plasma markers HER-2, TNF-a or IL2 work as prognostic factors?**

I. Iakovou, A. Dumas, **T. Christoforidis**, M. Siabanopoulou, V. Nikos, D. Lo Presti, S. Georga, K. Badiavas, A. Psarakou, D. Pantoleon, N. Karatzas

European Association of Nuclear Medicine congress. Vienna 2010

**16- Graves' ophthalmopathy aggravation after radioiodine treatment; is the preventive corticosteroid administration useful?**

I. Iakovou, A. Doumas, K. Badiavas, V. Nikos, **T. Christoforidis**, D. Lo Presti, S. Georga, N. Karatzas

European Association of Nuclear Medicine congress. Vienna 2010

**17- The incidence of an abnormal myocardial perfusion study, in patients with moderate coronary artery disease detected after a multi slice CT coronary angiography**

A. Doumas, D. Boundas, I. Iakovou, D. Lopresti, V. Nikos, **T. Christoforidis**, S. Georga, N. Karatzas

European Association of Nuclear Medicine congress. Vienna 2010

**18- Evaluation of Left Ventricular Injection Fraction (LVEF) values immediately after and six months post primary percutaneous transluminal coronary angioplasty (PTCA), using a Gated SPECT method.**

A. Doumas, **T. Christoforidis**, I. Iakovou, D. Boundas, D. Lo Presti, S. Georga, V. Nikos, G. Arsos, N. Karatzas

European Association of Nuclear Medicine congress. Birmingham 2011

**19- Salivary gland-related pathology within a year after 131-Iodine administration for thyroid remnant ablation. Is there any relationship with the method of patient's preparation (rhTSH / LT4 withdrawal) or the administered iodine activity?**

I. Iakovou, A. Doumas, **T. Christoforidis**, K. Badiavas, V. Nikos, V. Balaris, D. Lo Presti, S. Georga, G. Arsos, N. Karatzas;

European Association of Nuclear Medicine congress. Birmingham 2011

**20- Expression of matrix metalloproteinases -2 and -9 (MMP) in serum of prostate cancer patients and their role as prognostic factors to 153Sm-Lexidronate treatment efficacy.**

I. Iakovou, M. Siabanopoulou, A. Doumas, K. Badiavas, G. Galaktidou, V. Nikos, **T. Christoforidis**, S. Georga, D. Lo Presti, G. Arsos, A. Gotzamani-psarakou, N. Karatzas;

European Association of Nuclear Medicine congress. Birmingham 2011

**21- Tc99m-HMPAO-labeled leucocyte scan in the diagnosis of infected hip prostheses:early imaging and combination with bone marrow scan but not semiquantitative analysis are useful adjuncts to the diagnosis.**

S. Georga, **T. Christoforidis**, D. Lo-presti, S. Fares, V. Nikos, I. Iakovou, A. Dumas, G. Kapetanos, N. Karatzas;

European Association of Nuclear Medicine congress. Birmingham 2011

**22- In vitro and in vivo studies of novel fac- [99mTc(NSO)(CO)3] complexes bearing bifunctional chelators, for application in targeted radiopharmaceuticals.**

G. Makris, M. Pelecanou, I. Iakovou, **T. Christoforidis**, I. Pirmettis, M. S. Papadopoulos, D. Papagiannopoulou;

European Association of Nuclear Medicine congress. Birmingham 2011
